

# SoilBiotics Conventional Growth System

Bringing the power of conventional farming to you!

SoilBiotics Conventional Growth System provides a comprehensive line of non-toxic, (not containing or caused by a toxin or poison), high grade mined and natural earthen products which may enhance or increase micronutrient uptake in the soil and plant. Let SoilBiotics show you how our comprehensive and easy to use Conventional Growth System can help you and your conventional farming practices.

## SoilBiotics® Conventional Growth System

1	2	3	4	5	6
<p><b>Seed Treatment</b></p> <p>Apply 5 to 6 oz per hundred weight of seed, up to 4 to 5 months prior to planting.</p> <p><b>Program Applications</b></p> <ul style="list-style-type: none"> <li>• Seed Preparation</li> </ul>	<p><b>Soil Boost</b></p> <p>Broadcast preferably after harvest, can apply in spring, apply once a year. Reduce application rates after first year. <b>Do not use with Urea.</b></p> <p><b>Program Applications</b></p> <ul style="list-style-type: none"> <li>• Pre-Plant Soil Maintenance</li> <li>• Post-Harvest Soil Maintenance</li> </ul>	<p><b>Growth Boost</b></p> <p>Apply in furrow with starter fertilizer, with liquid nitrogen and preplant incorporated herbicides, as foliar in growing season or as residue digester. <b>Do not mix with glyphosate.</b></p> <p><b>Program Applications</b></p> <ul style="list-style-type: none"> <li>• Pre-Plant Soil Maintenance</li> <li>• Planting</li> <li>• Growth</li> <li>• Post-Harvest Soil Maintenance</li> </ul>	<p><b>Ultra Boost</b></p> <p>Apply with Urea and other dry fertilizers only.</p> <p><b>Program Applications</b></p> <ul style="list-style-type: none"> <li>• Planting</li> <li>• Emergence</li> </ul>	<p><b>MicroNutrient Boost</b></p> <p>Apply 30 days after planting. Apply 1 or 2 additional applications every 28 days thereafter.</p> <p><b>Program Applications</b></p> <ul style="list-style-type: none"> <li>• Emergence</li> <li>• Growth</li> </ul>	<p><b>Growth Supplement</b></p> <p>Applied with MicroNutrient Boost or alone as a substitute for Growth Boost in liquid nitrogen applications.</p> <p><b>Program Applications</b></p> <ul style="list-style-type: none"> <li>• Emergence</li> <li>• Growth</li> </ul>

 Liquid Product    
  Dry Particle, Granule or Pelletized

From seed preparation to post harvest soil maintenance, SoilBiotics Conventional Growth Products are formulated to work together to provide a continuous and highly beneficial Conventional Growth System to meet and surpass all of your conventional agricultural needs. SoilBiotics looks forward to working with you for we believe your success is our success.
